A clothing company sells hats online to its customers. The price of each hat is p dollars. The shipping cost is s dollars. The equation shown below can be used to find the total cost (c), in dollars, when n hats are purchased.

$$c = np + s$$

Which equation can be used to find the price of each hat when 5 hats are purchased, the shipping cost is \$6, and the total cost is \$41?

- A. $c = 5(6) + 41$
- B. $c = 6(41) + 5$
- C. $41 = 5p + 6$
- D. $41 = 6p + 5$

Literature

Read the sentence from the passage.

“Under this great archway, then, against one of these doors, his big paws just inside the shadow line, - for it was not winter, but a brilliant summer morning, the grass all dusted with powdered diamonds, the sky a turquoise, the air a joy, - under this archway, I say, sat a big St. Bernard dog, squat on his haunches, his head well up, like a guard.”

Loving God and loving people

**We are not to be doing this life all by
ourselves!**

Luke 10:1

After this the Lord appointed seventy-two others and sent them two by two ahead of him to every town and place where he was about to go.

Proverbs 17:17

A friend loves at all times, and a brother is born for a time of adversity.

Praying, loving, and speaking truth

Truth needs spoken into your
life...even if you are the one doing it!

John 8:31-32

To the Jews who had believed him, Jesus said, “If you hold to my teaching, you are freely my disciples. Then you will know the truth, and the truth will set you free.”
